rock

WHPK ROCK: Call it a zany nightcap, call it a wacky wake up call. Our schizophrenic staff rocks your pajamas off every weekday from midnight to noon. All in the grand tradition of obscure music from mumbling DJs.

folk

Watch sagebrush tumble past your busy city slicker life as you tune in to our Folk shows. Our DJs dish up Country, Soul, Irish Folk, and Bluegrass on **Mondays** and **Wednesdays**.

classical

From early Baroque to atonal Twentieth Century composers, our Classical DJs broadcast quality like no other.

international

From the oldest field recordings of isolated tribes to the slickest commercial world-music CDs, our international hosts bring you not only wonderful sounds from around the world, but also information about them. Our programming explores not only the music, but also the cultures that produced it, the performers, the instruments and the meaning of the lyrics. You also get information about performances in the Chicago area, and frequently, free tickets, as well as informational announcements about related arts events.

jazz

WHPK's famed DJs play the sounds of Jazz from the inside to the outside; their musical knowledge will educate, enlighten, and entertain. Jazz broadcasts every weekend and most evenings with a variety that includes Latin Jazz, Be Bop, Swing, Big Band, Free Jazz, the sounds of yesterday and tomorrow.

specialty

Delicacies of the ear are presented by our specialty DJs. Raw Beets, The Evil Show, Radio dada, The Dusties Party, Radio Babylon, and The Blues Excursion give you WHPK's absolute best programming.

rap

The newest cuts as well as old favorites provided every Wednesday, Friday, and Saturday by Icebox, Eric, and JP Chill. Look for DJs spinning live by the beginning of the summer.

public affairs

Crammed in the middle of the week is our Public Affairs shows. Here is a schedule of what will be on when:

International Warlord Talk Radio **Mondays 3:00 pm**
Do you want to be a third-world dictator? Do you want to know what the Taliban is? Or do you want to know how Boris Yeltsin dances? If you do, IWTR is definitely the show for you. IWTR deals with international news, particularly with political, security and economic issues around the world. Every Monday, IWTR kicks off with an international news brief, followed by an in-depth discussion on a special topic.

Free Associations **Mondays 3:30**

Airing 3:30 to 4:00 every Monday, Free Associations offers interviews beyond the narrow spectrum of ideas and perspective normally presented in the media. Host Danny Postel has been lauded as a visionary who brings attention to ignored subjects.

Contrapuntal Radio **Apr 15, 29, May 13, 27, June 10**

"Contrapuntal Radio", our poetry/performance interview program and audio montage experiment, invites you to meet the guest of the day in a way sadly lacking in today's radio and television interviews; as a human being and not just as a promoter of a certain book, album, or media event. Plug in to the show by calling in yourself, or just sit back and enjoy the conversation.

All Things African **Apr 8, 22, May 6, 20, June 3**

"All Things African" serves as a radio window to global Africa, consisting of news, interviews, reviews, commentaries, essays, poetry, and much more. So open your radio window and your mind to All Things African.

Political News and Views **Apr 16, 30, May 14, 28, June 11**

"Political News and Views" with Kazi Joshua, the Radical Voice of Revolutionary Outrage, airs every other Wednesday from 3 to 4 pm. It's a critical look at the political issues and news in the local area and beyond, through the lenses of race, class, gender. Pertinent political issues are explored in conversations with activists and scholars. The show aims to inform and motivate activism towards social justice.

Roctober Radio **Apr 23, May 7, 21, June 4**

Kooky hyjinks, wrestlers and their music, mad cap issues become the subject of close scrutiny on Jake Austin's Roctober Radio. The show is on every other Wednesday from 3 to 4 pm.

Guatemala Radio Project **Apr 10, 24, May 8, 22, June 12, 26**

The "Guatemala Radio Project" has provided Chicagoans with a true alternative since 1994. The covers more than just issues and events concerning Guatemala, and consists of news, music, and interviews relevant to current social, political, economic, and cultural concerns in our daily lives. Much of its coverage focuses on corporate crime and exposes of government-corporate schemes.

City Countdown **Apr 17, May 15, 19**
Alderman Barbara Holt gives you the inside scoop on your public officials. Every show features a different city official playing their own songs and speaking with Alderman Holt for a laid back half hour. This is a chance to see a side of these officials rarely seen anywhere else.

Community Focus **May 1, 29, June 5**

Hosted by Sandra Bevins, the Director of the Woodlawn Housing Project, this show focuses on events that concern the Hyde Park neighborhood through reports and interviews with prominent Chicagoans.

WHPK would like to pay thanks to our local business sponsors: B-Side Records, The Medici on 57th St., Dr. Wax, Illinois Arts Council, Marian Realty, Hard Boiled Records and Videos, Harper Court Shopping Center, The Seminary Co-op Bookstore & 57th St. Books, Snail Restaurant, Hyde Park Co-op, University Bookstore, Reckless Records, Big Fish Furniture, and Caffè Florian.
